THANK YOU to all who donated during our annual Fund Appeal

Your donations are helping to support mobile clinic days in Haiti. The need is so great that the homeopaths have set a goal of increasing their service up to 7,200 clinic visits this year. HWB also plans to teach health care practitioners to integrate homeopathy into their practices and to maintain and expand partnerships in 2024. We are still raising funds to help to make these goals possible, please join us with your donation to help make homeopathy more available to others.

Stories from our Partners

More than 50% of doctors in Haiti have fled the country. **The need for medical care is greater than ever.** Homeopathic clinics are beacon of hope for many who have been displaced from their homes. [Listen to Mhaidjiv Legerme](#), physician and homeopath, present how homeopathy assisted one woman in a temporary shelter where our team offered mobile clinic days.

In Celebration of Suzanne

This month we were heartbroken to say goodbye to our long-time friend and board member, Suzanne Smith. She will be dearly missed by all who knew her. Join us in sending thoughts of love and peace to her family and friends.
